

## THE HERALD.

JNO P. BARRETT, Editor.

WEDNESDAY, FEB. 27, 1878.

## THE SILVER BILL TRIUMPHANT.

## The Dollar of our Dads Brought to Life.

The silver bill was vetoed by President Hayes, and came up for action and passed over the veto in the Senate by a vote of 46 to 19, and in the House by the vote of 196 to 73.

Senator Lamar stuck with the gold bugs clear through. Kentucky's members in both Houses supported it.

## The Texas Pacific.

Whatever may be said of the present Legislature, in one thing at least they have acted in accordance with the wishes of the people of the whole State. On the 27th ult. they passed resolutions requesting our Representatives and Senators at Washington to use their exertions to secure the passage of the Texas Pacific Railroad Bill. The resolution passed with but one dissenting voice, and the voters of Kentucky are as near a unit in proportion to number, for this important measure.

## G. W. Rain.

The visit to our town of George W. Rain, the eloquent and able G. W. C. T. of the State, of the Order of Good Templars, was hailed with joy by the friends of temperance. He lectured two successive evenings to overflowing houses, and many were added to the Good Templars' Lodge here, and a large number took the Murphy pledge, donned the blue ribbon, and now stand in the great army of the God-favored cause of heaven. This eloquent and devoted orator is visiting the Lodges of the State; and, wherever he speaks, he will stir the hearts of the people to a glowing enthusiasm for the noble and humane cause to which he devotes his life.

The venerable and highly respected citizen, Harrison Taylor, Esq., is a Murphy and Good Templar. Mr. Taylor is a vigorous writer, and we hope to see him wielding his pen in the good cause.

The age in which we live seems a good ahead age—science, agriculture, politics and religion share alike in the velocipede advance. The marvelous discoveries in telegraphing and Daguerrotypy are, with all their wonderful improvements, yet in infancy, and much remains to be developed before they reach their destined perfection.

In a few seconds, the President, sitting in the White House, informs Queen Victoria, on the throne in London, the people have forced him to sign the Silver Bill; and in a few seconds more she responds, "The sovereign has a right to rule!" Small consolation to Mr. Hayes, who has to be reminded that he is but the servant of the people in a Republic; contrasted with the mail conveyances, this is truly wonderful. Again, the President stands before a small glass attached to a box, a ray of light darts by him, and on a plate is fixed identically and indelibly the likeness of the man who was never elected, but sits in the Presidential chair without the authority of the Constitution—wonderful and marvelous this piece of ingenuity. And now comes the telephone, and articulates all the private whisperings of John Sherman and the President, and the telephone repeats it hours after it has taken place—myriads of spiritualism. What say you?

## Horse Whipped.

A little ten-year old girl, daughter of T. J. Gill, of Madisonville, went to the store of W. W. Wilder, in that town, a few days ago, for a pair of shoes, which she obtained. On returning home she reported that Mr. Wilder had, under pretense of helping her to fit the shoes on, taken indecent liberties with her. Upon being informed of this, Mr. Gill procured a horse whip and went to Mr. Wilder's store and made the accusation, and hit Mr. Wilder some 25 to 100 blows with the whip. Mr. Wilder protested his innocence, and has instituted suit for the assault.

The subject of tumpkining the roads is agitating the Christian county people just now. The citizens of that county could not do a better thing or tax themselves for a better purpose. Though we have no direct interest in it, we hope to hear of the project being carried through. The heavy tax that any people ever paid is to bad roads and inconveniences.

On Tuesday of last week it became necessary to elect a presiding officer pro tempore. Vice President Wheeler being absent. Thurman, Democrat, and Ferry, Republican, were the candidates. Thurman received 28 votes, and Ferry 29. It would seem from this that the Democrats push their opponents pretty close to the wall.

Now William F. Barrett has been elected Alderman in the eighth ward of Louisville, in place of Mr. Moss. He is an excellent gentleman, and there need be no fears entertained of his disgracing the position, as did Mr. Moss.

## The Appellate Judgeship.

Editor Herald:

Several eminent gentlemen are candidates for the Appellate Judgeship in this district. As there is but one to elect, a convention may be called to determine the relative claims of the aspirants and select the nominee. Of this, however, we are not certain, as circumstances must govern the demand for it. In view of the fact that this is a very responsible position to fill, requiring the highest judicial talent, learning and experience, mental vigor and endurance, few men are really fully adequate to the discharge of the great and arduous duties of a judge, particularly at this time it is necessary to be physically and mentally equal to the task. The duties are understood to be very voluminous and tedious, and, as we have seen in our Circuit courts of the State how difficult it is to keep pace with the litigation that accumulates in the absence of promptness and energy of the judge, how much more difficult must it be in the Appellate court, where the most important cases of the whole State are to be heard, argued, and decided upon. Without any intention of impairing the qualifications of either of the gentlemen who are prominently before the district, I must be permitted to mention the fact that Hon. W. N. Sweeney, of Daviess county, presents claims of qualification not to be overlooked, and which form a strong ground of reason for the support of the people of the District. Mr. Sweeney is now in the vigor of life, a man of great energy and perseverance. Naturally strong-minded and talented—having attained a high position as a learned and successful lawyer, his practice, which he has had for a number of years, warrants the conclusion that he stands in the front rank of his profession. Should he be selected to fill the place of Judge Lindsey upon the Appellate bench, none of the honor reflected upon the State by that excellent judge will be lost, for in Mr. Sweeney we will have an equal upon whom the mantle could not fall more deservedly. C.

The legislative session has been extended indefinitely.

The Mayfield Democrat is nine years old.

The Legislature has appropriated \$10,000 to erect a monument to the memory of the late John C. Breckenridge.

Several of our exchanges, in mentioning the candidates for Appellate Judge, include Mr. Trimble as one. Are they not mistaken? If Judge Trimble is a candidate we are not aware of it.

If everybody would talk "Better Times" the prospect would change at once.—Farmers' Home Journal.

Correct, Bro. Nall, that's the kind of a song we try to sing.

John Wyatt, formerly Deputy U. S. Marshal, has been appointed Deputy Collector of the Second District. He will be located in Owensboro, Ky.

Mr. F. C. Pike, of Providence has patented a plan by which the heating of a train of passenger cars can be done by the exhaust steam of the locomotive.

The Governor has appointed Dr. J. Q. A. Stewart, of Owensboro, Superintendent of the Federal-mind Institute at Frankfort.

## The Interest Bill.

The six per cent interest bill passed the Lower House on the 27th ult., by the decided vote of 71 to 19. Correct.

Governor McCreary has reappointed Dr. James Rodman Superintendent of the Western Kentucky Lunatic Asylum, at Hopkinsville. We are persuaded that the appointment is a good one.

The Mills of the Gods Grind Slowly but Surely.

Returning Board Anderson, of Louisiana, has been sentenced to two years in the Penitentiary. Next J. Mad. Wells ought to be sent for ten years.

The Mount Sterling Democrat is on our table, Vol. 1, No. 46. We gladly exchange with it, as we find upon examination that it is a real live paper. R. S. Clevins and Sam. T. Dolans are its editors. Subscription \$1.50, which is quite cheap for a paper of its size and character.

"We unhesitatingly avow ourselves," says the Hartford Herald, "in favor of the re-establishment of the whipping post."—Kentucky News Man, Courier-Journal.

Logan, were you drunk, crazy or asleep when you got that item from the Herald, or did you willfully misrepresent it for a joke? Instead of saying "in favor," we said "opposed," and say it yet.

W. C. Nones, of Louisville, has been elected as assignee of Kahn & Son.

On our recent trip to Evansville, we met our old friend, Rev. E. Patre, of the Baptist church, who is now located in Glasgow, Ky. He will be with us a few days about the first week in April. He is a very eminent divine, and if desired, he would no doubt preach for us while here. Will not some of our citizens take the matter in hand and arrange to have preaching while he is here?

## We'll Make it Warm for Em.

(From the Petitioner's Courier.)

One of the amendments to the new tariff bill now before the House, is to change the proposed 20 per cent on type, which would be a reduction of five per cent, from the present tariff, to a specific duty of 15 cents per pound on news and book type, or really about 50 per cent ad valorem, and 33 cents per pound on job and fancy type, or from 30 per cent to 120 per cent ad valorem, according to the size and style of letter. We hope our Representatives in Congress will oppose this unjust amendment to the tariff bill. If they do not we trust that every newspaper in this State will make it so warm for those that they will think there is a hell and that they have just commenced its tortures.

## Good News.

Hon. George W. Williams informed us yesterday, that Messrs. Warren and Barrett say that work will be resumed on the Owensboro and Nashville Railroad some time this summer, and will be completed to Rossville and Adairville during the year. Mr. Barrett says he is certain that he can raise the money to complete it. This is really cheering news, and we hope it is true. The sight of the workmen on the line of the road would make our people feel much better than they do at present.

## Col Davis's Report.

Each individual is indulged in by the much enviable to the report made by Colonel Davis, the Commissioner of the Bureau of Agriculture and Statistics, for his necessary and on account of other supposed defects. It is characterized as containing much matter that is termed "poppycock," "rodomontade," "high-cockadum."

It is unfortunately true that there is much inaccuracy in its make-up. For instance, it speaks of Hartford, in Ohio county, as containing five or six church buildings, when the truth is that town has but one church in it. It calls the churches of Hardinsburg splendid. Now our county town has several good, creditable churches, but they are not entitled to be called "splendid." It says also that it has five schoolhouses, which is not the case. The complaint we usually hear from our neighbors is, that they are not well supplied in this respect.—Breckenridge News.

## Centertown Letter.

CENTERTOWN, KY., Feb. 25, '78.

Editor Herald:

Walton's Creek church expelled five members last Saturday, and during the same sitting admitted eighteen others to fellowship, who were converted and baptized at the recent protracted meeting, held by Rev. J. T. Caschier at Central Grove schoolhouse. Two others were admitted on Sunday, making a net gain of fifteen members to the church. Elder W. P. Bennett, the able pastor of this church, has announced that his sermon for the next 4th Sunday will be on communion. Those who wish to hear some forcible arguments on that subject would do well to attend.

Prof. W. B. Rowe closed his school last Friday. To say that he has taught us a splendid school, seems a very feeble expression. If he is as well pleased with his patrons and pupils as they are with him, then we are satisfied.

Mr. James Eudaly has been quite sick, but is now recovering, under the treatment of our Dr. Sanders. Jasper Ford is recovering from an attack of pneumonia.

G. M. Rowe & Co., have exchanged goods for 1100 dozen eggs during the winter.

We, six of us, who call ourselves the Centertown Band, had the honor of furnishing music for Miss Alice Sutton's school exhibition at No Creek Church, Friday night. Whether we pleased the audience or not, we enjoyed the treat all the same. We were met at Rough Creek and conveyed in a wagon to Squire Bennett's, where we partook of an elegant supper, prepared for us, after which we proceeded to the church, where we, with the rest of the crowd, were very pleasantly entertained with the good acting of Miss Alice and her pupils, till about half-past eleven. We would like to compliment Miss Alice in her character of Betsy Blinker, Mr. J. C. Bennett and the Irishman with a shillalah, in Robert Emmett, Mr. Kit Carson in the character of a Beast, together with a whole family who were visited by a book peddler; but, to mention all the deserving ones would make the list too long. The Hocker brothers and others, who, for the time, became outlandish "niggers," and, one of them, a "Beast," would have to be noticed for their life-like acting. The gentleman who sang in the high hat and shirt-collar to match, rises in our remembrance along with many others. The lady, called "Beauty," most emphatically deserved the name, (no flattery intended). Miss Alice should certainly be proud of her exhibition; and No Creek neighborhood should be proud of her.

After the exhibition, the band divided, part going, by invitation, to Mr. Jno. F. Wallace's, and part to Mrs. Bennett's, where we were hospitably entertained till after breakfast next morning, when we met again at Squire Bennett's, preparatory to starting home. May-be the Squire's cider had some influence in getting us back to see him. Anyhow, he was not stingy with it. While sampling some that was very good, (only two

glasses), horses arrived for us to ride to Rough Creek, and we bade adieu. Our impressions of No Creek society are so pleasant that we want to go again, some time. Only one thing occurred to mar our pleasure. A lady was heard to remark that one of us was an Irishman, and now that fellow is called Pat.

## Burford Letter.

BURFORD, KY., March 1.

Business is quite dull in our little burg at present, but there are flattering prospects for an increase, as the grist-mill owned by Thos. Bell, which relinquished grinding last fall, has very recently been repaired and rented to Messrs. P. P. Hancock & David Webb, who are very enterprising gentlemen, and with Mr. John Blair, who has had considerable experience in the mill business as engineer, therefore the firm will doubtless prosper, from the fact that all are very clever and upright gentlemen, and will do business on the square. Farmers, give them your patronage.

Rev. J. T. Pender honored the people of Burford and vicinity with one of his masterly lectures a few weeks previous to Mr. Carmel church, in behalf of the Murphy movement. Notwithstanding the inclemency of the weather, which occasioned a small assemblage of hearers, the result was nineteen persons now wear the blue ribbon. We hope he will honor us with another lecture soon.

Miss Alpha Hussey has been very ill with pneumonia, but is now recovered.

E. L. Sullenger has also been confined to his bed for some time with neuralgia of the eye, and is yet very low.

Miss Belle Nall, of Riley's Station, has been visiting relatives in this section. Miss Belle, as well as her home, is an accomplished young lady, and we regret very much that her visit was so short.

Mr. Birch Holbrook left Burford last Sunday, and is going to Prof. Hawkins' school at Boda.

Messrs. A. T. Bell and William Rowan left for Evansville last week with a large raft of logs.

There is one fellow in Burford that would not be without the Herald, and that is SAUCE.

Dick Moore, the corner of Louisville, Kentucky, accidentally shot himself in Memphis, Tennessee, on the 1st inst. He had gone to Memphis to attend the Mardi Gras celebration.

# THE HERALD.

ROCHESTER, N.Y., Feb. 27th, 1878.

Editor Herald:

Everything is lovely here and the river is falling much to the disgust of the snow-birds who are out of money and want to sell; for they abhor anything like close finance, or "bankrupt law."

Business is on the increase; our merchants saying trade is getting on its pins again.

Messrs. Brewer & Harrington of Shalesville—our neighboring town, has prized this season about thirty hogheads of tobacco, and still receiving daily. They are paying for the tobacco, having contracted to price about three or four hundred thousand pounds. Mr. Harrington has had an experience of about twenty years in a Louisville tobacco house and gives entire satisfaction to all. We have a new tobacco firm in Rochester, Messrs. Mendel & Hays, who prize their tobacco at Harrodsburg and ship from this point. Mr. Hays says he has filled one contract book at about \$1 and \$2 per case, but is going to fill the rest at \$1 and \$2. They are very sure money. The tobacco is very much in demand. The farmers are very reluctant about taking the extremely low figures that are being offered by the buyers.

Our Debating and Literary Society is still getting along finely, having splendid essays, readings, speeches, &c. Our last subject for debate was "affirmed that the Indian has more right to complain of the American people than the Negro has." Both sides were ably discussed, the decision being given in favor of the affirmative.

The Murphy's have carried everything here, there being about 170 here, and still increasing in numbers. We have no able speakers here to help us, but the people just come forward and sign. We have our meetings on Wednesday and Sunday nights. All are invited.

Miss Katie Smith, from South Carrollton has been visiting relatives here, but we are sorry to learn that she has returned home.

Miss Carrie Gilline, of Evansville, is visiting relative here also, and we are sorry to learn that she is going to leave as soon.

Mrs. Rothrock gave the ladies and gentlemen a candy pulling "Valentine night." It was a pleasant affair, enjoyed by all. Had plenty of fun and plenty candy. Hope we will have another soon. Don't know which we enjoyed most, the ladies or the candy. More anon.

What to Teach the Boys.

From the Temperance Advocate.

Alfred L. Sewell, is his new monthly for boys, Home Arts published in Chicago, writes as follows:

A philosopher has said that true education for boys is to "teach them what they ought to know when they become men."

What is it they ought to know, then?

1st. To be true—to be genuine. No education is worth anything that does not include this. A man had better not know how to read—he had better never learn a letter in the alphabet and be true and genuine in intention and action, rather than, being learned in all sciences and in all languages, to be at the same time false in heart and counterfeit in life. Above all things, teach the boys that truth is more than riches, more than culture, more than any earthly power or position.

2d. To be pure in thought, language and life—pure in mind and in body. An impure man, young or old, poisoning the society where he moves, with smutty stories and impure examples, is a moral ulcer, a plague spot, a leper who ought to be treated as were the lepers of old, who were banished from society and compelled to cry unclean, as a warning to save others from the pestilence.

3d. To be unselfish. To care for the feelings and comfort of others. To be polite. To be just in all dealings with others. To be generous, noble and manly. This will include a genuine reverence for the aged and things sacred.

4th. To be self-reliant, and self-helpful, even from early childhood. To be industrious always, and self-supporting at the earliest proper age. Teach them that all honest work is honorable, and that an idle, useless life of dependence on others is disgraceful.

When a boy has learned these four things—when he has made these ideas a part of his being—however young he may be, however poor, or however rich, he has learned some of the most important things he ought to know when he becomes a man. With these four firmly planted, it will be easy to find all the rest.

The total abstinence question is attracting more and more attention in England. The learned Canon Farrar (author of the "Life of Christ") is delivering total abstinence sermons in Westminster Abbey, and the Bishop of Exeter and Oxford are energetic supporters of the "Church of England Temperance Society."

If a woman's influence over a man is not strong enough to reform him before marriage, it will not be strong enough after marriage.—Examiner and Chronicle.

The wealth of a man is the number of things which he loves and blesses, which he is loved and blessed by.—Carlyle.

It is no use running to set out betimes is the main point.—La Fontaine.

There is no man so friendless but that he can find a friend sincere enough to tell him disagreeable truths.

As time passes memory silently records your deeds, which conscience will inevitably read to you in after life.

**BROWN'S**  
COUGH, COLD,  
OR SORE THROAT  
REQUIRE  
IMMEDIATE  
ATTENTION.

A Commaunce for any length of time causes irritation of the Lungs, or Some chronic Throat affection. Neglect of these results in some incurable Lung disease. BROWN'S BRONCHIAL TROCHES have proved their efficacy, by a test of many years, and will almost invariably give immediate relief. They are only known to the workless imitations that may be offered.

**Ayer's Sarsaparilla**  
For Scrofula, and all acrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptions of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Stiffness of the Joints, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and Urinary disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Manroot, Yellow Sarsaparilla, the Salads of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skillfully combined, that the full salutory effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effective as to purge out from the system those impurities and corruptions which develop into loathsome disease. The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, proves their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
